

## Capital Solutions

Ryan Alternative Risk - Capital Solutions is the ILS-focused vertical within Ryan Alternative Risk which serves to match the superior quality of Ryan Specialty risk origination with sophisticated family foundations, private equity, pension funds, asset managers, and ILS investment managers. We are proud to offer best-in-class underwriting, pricing, and optimized structuring of a diverse menu of ILS opportunities, including CAT and Non-CAT sidecars, collateralized reinsurance, and CAT bonds. These opportunities provide naturally hedged solutions with a broad array of lines of business with strong return profiles. Capital Solutions is a non-balance sheet ILS platform in which we deliver alignment to our capital providers by holding material positions in each transaction. Ryan Alternative Risk - Capital Solutions is a natural innovation within the Ryan Specialty family and represents a continuation of the Ryan Specialty standard of excellence.
